PROFESSIONAL EXPERIENCE

Engineer Assistant

Jan 2026 – Present

Professional Building Design Inc. (PBD) | Garden Grove, CA

PBD provides quality architectural and engineering design services for residential and commercial projects

- Assisted the Lead PE in drafting code-compliant civil and structural plans using CAD and Bluebeam.
- Calculated precise cut-and-fill earthwork volume estimates for site preparation and budgeting.
- Conducted on-site field observations to verify project compliance with approved engineering plans.

Engineer Assistant

Oct 2024 – Present

Home Top Home LLC | Huntington Beach, CA, USA

California-based Design Company specializes in personalized home design services

- Supported lead PE using CAD and Bluebeam to deliver precise drainage, grading, erosion control, and other civil related work, compliant with municipal codes and standards.
- Conducted site measurements and calculations using Excel to deliver material quantity estimates, elevation metrics, and critical documentation aligning with local municipal and federal compliance packages

Patent Examiner – Computer Science

Jun 2024 – Oct 2025

U.S. Patent and Trademark Office (USPTO) | Alexandria, VA

USPTO is the federal agency responsible for granting patents and registering trademarks to protect intellectual property rights

- Identified patentable innovations in image recognition, computer vision, machine learning, and AI by conducting thorough prior art searches on over 100,000 patents using Patent Office software and systems
- Evaluated patent applications through analyzing submitted materials to ensure potential innovations meet examination criteria and drafted office actions and respond to inquiries leveraging CS expertise to examine emerging technologies

Engineering Assistant (Volunteer)

Feb 2020 – Aug 2021

Professional Building Design Inc. (PBD) | Garden Grove, CA

PBD provides quality architectural and engineering design services for residential and commercial projects

- Assisted the lead engineer in preparing drawings for residential and commercial projects,
- Measured site conditions, conducted field observations to verify adherence to design specifications, and drafted responses to city plan check comments for local code compliance

EDUCATION & CERTIFICATIONS

Engineer-in-Training (EIT) – California Board for Professional Engineers, Land Surveyors, and Geologists

Sep 2025

Purdue University, West Lafayette, IN

Jan 2026 – Expected Dec 2027

Master of Science in Civil Engineering (Area: Smart Mobility) GPA: 3.98

University of California, San Diego, CA

Sep 2021 – Dec 2023

Bachelor of Science in Computer Science

Major GPA: 3.744, UC GPA: 3.685

Provost Honors

CIVIL POJECTS (UNDER SUPERVISION OF A PE)

Custom Homes in Southern California

- Hermosa Residential in the City of Hermosa Beach: a 2-story villa with mediterranean style, drafted structural details and prepared grading plans.
- El Rito Villa in the City of Villa Park: a 2-story villa with modern style, drafted structural details and prepared grading plans

Commercial in Southern California

Nov 2025 – Present

- Westminster Clinic in the City of Westminster: an addition of nearly 5,500 SF to the existing building, drafted structural details and prepared grading plans under a PE

ADU, JADU, SB9 Units in Southern California

Nov 2025 – Dec 2025

- Drafted architectural and structural plans under a PE, ensuring strict compliance with local code enforcement and municipal standards
- Drafted grading and erosion control plans with FEMA Elevation Certificates if within flood zone

SKILLS

- **Programming Languages:** Python, SQL, C++, MATLAB, Java, SQL, JavaScript, HTML, CSS
- **Technologies/Tools:** AutoCAD, Bluebeam, MS Office (Word, Excel, PowerPoint, Outlook), PostgreSQL, MySQL, Git
- **Others:** Attention to Detail, Problem-Solving, Teamwork, Adaptability, Analytical & Mathematical Mind
